

X2 FABRICS&LEATHER CONCENTRATE

Description:

Innovacar's X2 Fabrics&Leather is the all-purpose **car seat and upholstery** cleaner and **cleanser** that allows you to **safely clean all types of fabrics and leather in your car** such as seats, steering wheel, dashboard, and floor mats. Cleansing and moisturizing one's car interior is especially crucial for leather to have proper maintenance over time and avoid tears and wear.

Main features:

- Suitable for **car fabrics**: it is versatile and suitable for treating even car fabrics, from floor mats, seats, head-rests, seat belts, steering wheel, and finally the sky.
- **Can be used on all types of leather**: it is a specific cleaner that can treat all types of leather such as imitation or synthetic leather, raw leather, first grain, pigmented, semi-aniline, aniline, finished aniline, ***alcantara®, nubuck, suede, vinyl.
- **Safe on surfaces**: thanks to the presence of surfactants, including plant-origin ones, the product is also effective on stains without fading and respecting the weave of the treated material.
- **Hydrating and anti-tear**: thanks to its formula, it is able to rehydrate the treated leather fighting the damage of dehydration that can lead to cuts and tears. It creates a plant-based lipid layer similar to the skin's barrier to give the driver a delicate sensation of comfort during driving.
- **Eliminates odors**: with its formula, it is able to clean while eliminating unpleasant odors.
- **Deep organic decontamination****: thanks to its enzyme-added formula, which is the subject of patent protection*, it can combat the most stubborn organic dirt by acting on the same substrate molecules in a prolonged manner.

* Patent Application n°14730984.3

** Compared to the enzyme-free version

A trademark owned by Alcantara S.P.A.®, Fra-ber s.r.l. is an independent manufacturer not connected to Alcantara S.P.A.®.

Directions for use:

How to clean fabric and leather car interiors with X2 Fabrics&Leather:

1. Firstly remove dust and dirt by vacuuming thoroughly.
2. Proceed by spraying the product on the area being treated.
3. Use a soft bristled brush to apply and spread the product evenly. Proceed with circular and horizontal movements near grooves, until foam develops.
4. Only in case of need, proceed with a medium hard brush for cleaning.
5. Remove product residues with a damp cloth.
6. To clean the headrests or the seatbelts, we recommend using a micro-fibre cloth, first damp then dry to finish to avoid soiling the surrounding areas such as the inside windows.
7. To protect the leather surfaces even more, you can try SC2 Dressing for a renewer effect and SC4 Tex Coat for greater water -repellence.

For X2 Fabrics&Leather in the 500 ml ready-for-use format:

- **For urgent cleaning**: use the product as is.
- **For routine cleaning**: the recommended dilution is 1:1; use 500 ml of product and add the remaining part of water (500 ml) to obtain 1 L of ready-for-use solution.

For X2 Fabrics&Leather in the 4.54 L concentrated format:
